

# super starter

## Seedling Heat Mat

Thank you for choosing to grow with Super Starter products!  
Your satisfaction and success are important to us. For safety and optimal performance,  
please carefully read these instructions in full before operating this product.

## How to Use Your Super Starter Seedling Heat Mat

1. Locate a flat, dry surface with enough space for the heat mat. Avoid cold surfaces, as they will counteract the heating ability of the heat mat.
2. Insert the power cord into connector B on the heat mat, and then plug into a standard 120V outlet.
3. Cover connector A on the heat mat with the red cap or use the waterproof daisy chain feature per the instructions below.
4. Place propagation trays or other plant containers on the heat mat. For best results, cover the trays or containers with a humidity dome.

## How to Connect Daisy Chains

1. Identify the female (A) and male (B) connectors.
2. Insert B into A. Twist the blue barrel on B until tight and secure.
3. Repeat to daisy chain additional units. Note maximum units on page 2.
4. Cover the last A on the daisy chain with the red cap.

Female (A)

Male (B)

**FOR INDOOR USE ONLY**

Failure to observe the following safety guidelines may result in fire, electric shock and/or damage to the Super Starter Seedling Heat Mat.

- Never allow the heat mat to become submerged in water or any other liquid.
- Don't place the heat mat on or under any other heating, warming or insulating device.
- Don't place the heat mat on rough or pointed surfaces, as this can damage it.

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet one way only. If the plug does not fully fit into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not modify the plug in any way.

### Super Starter Seedling Heat Mat Limited Warranty

This warranty covers defects in materials and workmanship under normal use, with the exceptions stated below. This warranty is in effect for a period of one year from the original date of purchase.

This warranty does not cover damage or defects resulting from improper installation, alteration, abuse, accidental damage, unauthorized repair or misuse of this product. Misuse includes, but is not limited to, outdoor use. This warranty does not apply to cosmetic defects or other defects that do not affect the functionality of the product, and is void if the product has been damaged as a result of fire, flood, or other natural disasters. BWGS shall not be responsible for any incidental or consequential damages of any nature, including loss of profits, time or productivity; inconvenience; or damage caused to other products, machinery, buildings or property.

This warranty applies to the original purchaser of this product and the original proof of purchase **MUST** accompany the Super Starter product for this warranty to be valid. This warranty is given in lieu of all other warranties, express or implied, including without limitation merchantability and fitness for a particular purpose.

Some states do not allow the exclusion or limitation of incidental and consequential damages, or limitations on how long an implied warranty lasts, so the above limitation(s) may not apply to you. To obtain warranty service, return this product along with the original proof of purchase to the place of purchase in accordance with the store policy. If BWGS determines the warranted product is defective in materials or workmanship during the warranty period, then BWGS, at its discretion, will either repair or replace the product. In no event shall the cost of repair or replacement exceed the original purchase price.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
