S O L U T I O N S

Thank you for choosing to grow with Elemental Solutions! Your satisfaction and success are important to us. For best results, carefully read the following instructions before using your Elemental O<sub>2</sub> Pump.

## Features of your Elemental O<sub>2</sub> Pump

- Provides reliable output for air diffusion devices
- Quiet, energy-efficient operation
- Adjustable output
- Durable construction
- 1-year warranty

## Specifications

### EOP202

Maximum Output: 44 gph  
Input Voltage: 120V  
Frequency: 60Hz  
Wattage: 2W  
Pressure: 2.18 psi  
Outlets: 1 outlet  
Compatible Tubing: 3/16" ID

### EOP208

Maximum Output: 127 gph  
Input Voltage: 120V  
Frequency: 60Hz  
Wattage: 3W  
Pressure: 2.47 psi  
Outlets: 2 outlet  
Compatible Tubing: 3/16" ID

### EOP232

Maximum Output: 254 gph  
Input Voltage: 120V  
Frequency: 60Hz  
Wattage: 6.5W  
Pressure: 2.18 psi  
Outlets: 4 outlet  
Compatible Tubing: 3/16" ID

### EOP246

Maximum Output: 380 gph  
Input Voltage: 120V  
Frequency: 60Hz  
Wattage: 13W  
Pressure: 2.32 psi  
Outlets: 8 outlet  
Compatible Tubing: 3/16" ID

## Warning

- Read all instructions carefully before operating the unit.
- Never submerge the unit in water. If the unit is submerged, disconnect it from power before retrieving it.
- Install the unit above the water level to avoid water flowing back through the tubing, which can damage the unit and cause an electrical hazard.
- Ensure the power source meets the requirements listed on the specification label.
- Do not use the unit if the power cord or plug becomes damaged.
- Do not expose the unit to high temperatures, excessive moisture or dust.
- Disconnect the unit from power before cleaning it. Use a soft cloth dampened with soapy water to clean the unit. Do not use solvent on plastic parts.
- Disconnect the unit from power if not in use for a prolonged period of time.
- Do not attempt to repair the unit.

## Instructions

1. Install the unit in a horizontal position.
2. Connect the preferred air diffusion device(s) to the outlet(s) using 3/16" ID tubing (available separately). Place the air diffusion device(s) in the reservoir and ensure the tubing does not kink or otherwise become obstructed.
3. Plug the unit into a 120V outlet.
4. Turn knob on top of the unit to adjust air flow.

# Elemental Solutions 1-Year Limited Warranty

All Elemental O<sub>2</sub> Pumps are protected against manufacturer defect by a limited 1-year manufacturer's warranty.

## Limited 1-Year Warranty Terms

Sunleaves Garden Products warrants this product to the original purchaser to be free of defective materials and workmanship under normal use and service for 1 year from the original date of purchase. Sunleaves Garden Products, at its option, will repair or replace components of this product if they are found to be defective in material or workmanship within the warranty period. If Sunleaves, at its sole discretion, determines that the components are defective in material or workmanship, then Sunleaves, at its option, will either repair or replace the components, provided that (1) a copy of the original proof of purchase for this product by the original purchaser is delivered to Sunleaves; (2) the components have not been tampered with, disassembled, repaired by unauthorized persons or altered; and (3) the components have not been damaged as a result of commercial use, lack of reasonable and proper maintenance, abusive or unreasonable use, or supplemental damage. In no event shall the cost of repair or replacement exceed the original purchase price. SUNLEAVES SHALL NOT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION DAMAGE OR INJURY CAUSED TO OTHER PRODUCTS, MACHINERY, BUILDINGS OR PROPERTY; LOSS OF PROFITS, TIME OR PRODUCT; OR INCONVENIENCE. SUNLEAVES FURTHER DISCLAIMS ANY IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

### Elemental O<sub>2</sub> Pump Warranty Is Void If:

- NOT ACCOMPANIED BY THE ORIGINAL PROOF OF PURCHASE.
- ELEMENTAL O<sub>2</sub> PUMP HAS BEEN USED IN A NONSTANDARD WAY, INCLUDING GENERAL MISUSE AND OUTDOOR USE.
- ELEMENTAL O<sub>2</sub> PUMP HAS BEEN DAMAGED AS A RESULT OF ACCIDENT, IMPROPER INSTALLATION, ALTERATION, OR FIRE, FLOOD OR OTHER NATURAL DISASTER.

### Sunleaves Product Warranty Claims

To obtain warranty service in the unlikely event that your product fails to operate, return the product to the place of purchase. Often the retailer will be able to examine the product in closer detail, determine the problem and even fix the product on site.

If the retailer is unable to resolve the problem:

1. Call our toll-free number at 888-464-9676 or email info@sunleaves.com to receive warranty information and your RMA number if the product is being returned.
2. In the unlikely event you must return the defective product to Sunleaves, carefully package the problem product.
3. Complete the form below and enclose it with your shipment along with a legible copy of your properly dated sales receipt. You must write your RMA number on the outside of the package. Because Sunleaves is not responsible for products damaged in shipping, we recommend insuring your package.

Don't forget to include the following items if you are returning your Elemental O<sub>2</sub> Pump to the place of purchase:

- Legible copy of your properly dated sales receipt
- This completed form
